Stimulating imaginations of quilt tricksters everywhere

Quiltrick #11

In honor of our new pattern, "Little Genie", try using your walking foot to put in a zipper. It moves all the layers at the same speed and doesn't smash the fabric like a zipper foot. You can move your needle to the right so the zipper coil runs through the center of the foot and just sew a straight seam. So easy and fast!

This month finds Quiltricks rushing around trying to put the last touches on the things we're bringing to Spring Quilt Market. It's always a fun, exciting time and we have a blast meeting all the people who come.

So many of you have asked us for a wallet small enough to fit in your pocket. Here it is. It's teeny and we did not want it to get lost in all the Market hoopla. So we are giving it its own spot in the limelight. "Little Genie" is our new wallet pattern. Of course it has card and currency pockets inside and a pocket for change outside (you know me, a pocket-a-holic). But best of all, it only takes an hour or so to put together and uses just a little bit of fabric. Perfect as a gift for that new graduate, friend, or for yourself. We think you'll love it!

We're traveling a lot at the beginning of the summer before we take some time off in August to travel to Oregon. There we'll celebrate the wedding of our daughter, Krista. We're looking forward to sharing the joy as she embarks on this new adventure with her husband-to-be, Erick. Anyone have any tips on making a veil?

NEW!
