Quiltricks NEWS

Stimulating imaginations of quilt tricksters everywhere

Quiltrick #45: When appliquéing a turned edge piece, use smaller stitches as you sew the points. This will help to keep all the raw edges under and make for a nicer finish.

Is the middle of February too late to wish you the happiest of New Years? I've had a busy start as I head this week to our sixth show of the year! I still haven't figured out what my resolution is going to be. I know it should be to finish off some of these UFO's, but there always seems to be something new I want to start.

Speaking of something new, we have a new pattern: "Whimsy"! It's a table runner, with placemats and a hot pad pattern. The pattern was originally developed for an appliqué class and it includes rounded inner and outer curves, points and circles. I would be happy to come teach appliqué at your guild as well. Give me a call to arrange a time and place. In the meanwhile, come visit us at one of our upcoming shows. And, Happy New Year—a bit late!

"Whimsy"
