Quiltricks NEWS

Stimulating imaginations of quilt tricksters everywhere

Quiltrick #69: I often get asked how to choose colors for a quilt. The easiest way for me is to choose a fabric that I just love and then pick other fabrics which coordinate with it. Go for it!

It's beginning to look like spring in my part of the country and I think we are beginning to see the end of cabin fever – dare I say it? With vaccines rolling out various businesses are beginning to reopen their doors including Quilt Shows! We will be vending at our first show in a year this March, and though it may prove a bit challenging, I think we all are planning for and hoping that things will work well. I am excited to see and talk with fellow quilters and to check out what exciting quilts have been made. Have you accomplished more quilting than you ever thought you could in the past year? What better way to show off your creation than to enter your quilt into your local quilt show. Have fun!
